#### **AUDIOVISUAL & PROJECTION**

Are you about to organize an event, perhaps a convention, seminar or tradeshow, which will require the use of audiovisual and sound equipment?

Jet-7 Productions is pleased to offer you high quality technical audiovisual services that will guarantee the success of your project.

In addition, our experts will assist you with the design and co-ordination of your presentation.

We have available the following state-of-the-art equipment:

-Easily transported screens, sizes 6' x 8', 7.5' x 10' and 10' x 20', including contour black curtains which provide a theater effect.

-Projectors 3000 and 4000 lumens, with contrasts of 2500 for 1, ideal for the presentation of Power Point and/or video.

-Sound systems suitable for all occasions.

-Stage lighting and much more.

We understand the complexities of organizing presentations regardless of the venue. We offer full pre-planning services, including site inspection, which enables us to submit plans that will ensure optimal use of the locale.

Equipment and lighting provided are tailored to your specifications, manpower requirements are discussed, and the project is rehearsed.

At the time of the event, if required, we can work with your staff to ensure that everything runs smoothly.
